Gore movies, a subgenre retroactively labeled as splatter, emerged in

the 1960s as exploitation filmmakers continued pushing the limits of what could

be shown on screen. Splatter films feature a heavy focus on gore as one of thei

r primary draws. Splatter movies tend to cross into other categories including s

lashers, zombie films, crime movies, and more, but the blood has to flow freely

to be considered splatter.

Movies like Dead Alive (1992) aren t just bloody, they re absolutely so

aked.

Presented here is a list of some of the absolute bloodiest films from a

round the world. Movies were selected and ranked based on a combination of quant

ity and quality of gore, with each film containing multiple scenes of explicit,

stomach-turning carnage (and a few where it s pretty much non-stop).
